

## **JKA-Jeremy Krauss Approach, Education based on the work of Dr. Feldenkrais**

***helps children with special needs to learn, to thrive and to develop.***

The [Jeremy Krauss Approach](#) was developed by [Jeremy Krauss](#) and is a unique way of helping Special Needs Children learn, grow and develop, based on the Feldenkrais Method<sup>®</sup>

.

The primary focus is on helping Special Needs Children develop their potential and abilities - physically, mentally and emotionally.

It supports a child to learn, change and overcome developmental challenges of various kinds through a process of [Progressive Developmental Abilities Formation](#) .

We offer you to come with your kid to our beautiful lake and mountain region and we work every day with your kid.
